PRINCIPAL'S MESSAGE

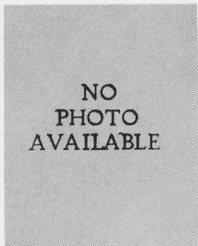

This June, 1969, marks the end of an era in the school. No longer will Grade IX be considered a part of the High School, as it has been for more than half a century. As in all other parts of the province, they will be the seniors in Junior High.

Commencing in September, our school will be extended so that more variety in courses can be offered. We will see many new faces from Blackie and Cayley, to whom we extend a welcome. It is my hope that the combination of greater variety of courses and added students will add a new dimension to the spirit within the school, and thus the school may become an improved centre where young people can develop the maturity necessary to meet the challenges of our rapidly-changing society. The difference between what is possible and what is impossible is a measure of your will. Your future is on the line - shape it well.

VICE-PRINCIPAL'S MESSAGE

Today it seems many people, students and adults alike confuse the two ideas of licence and freedom. Licence is the permission to act. Licence, then, is a legal right to do what you wish. In our democratic society this means that we have licence to speak our minds, join the church of our choosing and other such matters. However, I suggest that licence does not itself give freedom. Freedom involves not merely permission to do something, but also ability to act. All of us have a licence to apply for any job. But only those qualified by training and experience will be considered. One function of our school system is to provide the training needed to change licence into freedom. As our school expands next year we will broaden the scope of training available to our students. I would hope that all will grasp this opportunity to broaden their training and thus their freedom.

"some thoughts.....

- be careful what you set your heart on for you will surely get it!....
- they conquer who believe they can.....
- not failure, but low aim, is crime.....
- the corners of a man's mouth were meant to be turned up not down....
- God gives every bird its food, but He does not throw it into the nest.....

.....use the ones you want but give the rest away."

Dr. Jekyll and Mr. Hyde

BWANA-The Great White Hunter

I was a 96 lb. weakling until...

LAURIE ANDERSON

Laurie, our 1969 Teen Queen, intends to enter the faculty of Education at the U. of A. Her hobby is boys. When she isn't with them, she is reporter for Teen Town and social convenor for Hi-C. Laurie is sometimes seen keeping score for boy's basketball games. I wonder if it is to promote school spirit or to meet the teams!

JOYCE BANGS

Joyce is hoping to attend N. A. I. T. and become a Dental Assistant. Her activities are somebody called Duane. She is active in Teen Town, Hi-C, basketball, and badminton. Her hobbies are writing to Montana and eating pizza. Joyce writes the HRHS column for the Times. Her pet peeve is a certain teacher who never knows who Joyce is from one registration to the next. Is it her face? Her probable fate-a pizzaholic.

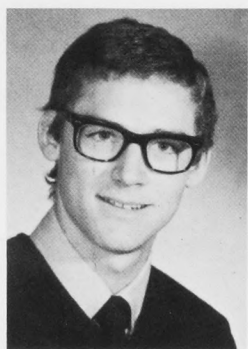

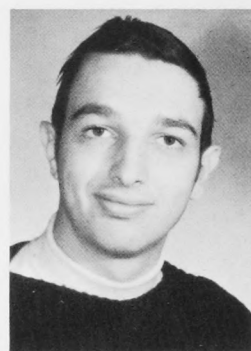

ARLENE BISHOP

Swimming, horseback riding, reading, and anything else she enjoys doing, Arlene makes a hobby of it. Her activities are many--music, secretary for both curling and Rangers, Teen Town, and being room representative. Arlene plans to attend the U. of A. next fall, but she is not sure which faculty she will enter. One of her ambitions is to travel. Any others???

GARY BOURBONNIE

After "Doc" finishes school, he plans to work with Universal Ambulance in Calgary for a year and then to try out for a position in the R. C. M. P. His hobbies include riding in his "Volks", the drama club, working at the hospital, and being a member of the local ambulance team. Last year he took over the position of managing the school basketball team as well as being a member of the volleyball squad. His pet peeve--"small cars?"

GARY COOPER

Gary plans to enter the Faculty of Physical Education at the U. of A. upon completing his Grade 12 year. Playing hockey for the High River Flyers and participating in most other sports occupy Gary's spare time. His activities include swimming and life-guarding.

ROD COOTE

Rod plans to attend the U. of C. when he finishes high school. His hobbies include horses, horses, and still more horses! His activities are skiing, and you'll never guess-horseback riding. Rod's main bug is swinging doors.

PHOTO
AVAILABLE

NOREEN DOUGHERTY

After Grade 12, Noreen plans to go into training as a nurse in Calgary or Edmonton. Her hobbies are swimming, horseback riding and "the drags", believe it or not!! She is an active member of Teen Town and was the 1968 Teen Queen. Noreen is also a member of our Student Council in the capacity of Social Convenor. Her pet peeve?--"Skinheads."

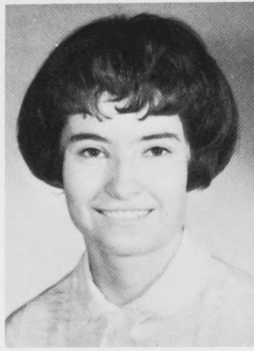

RUSS DOUGHERTY

Russ's future plans, as far as education goes, will probably take him to the Olds Agricultural School. Until then his time is occupied by basketball, football, curling, and his three favorite pastimes-diving, competitive swimming and--Cayley?

CAROL DUDLEY

Carol is planning to enter the Faculty of Arts at the U. of A. and become a sociologist. Her activities include High School Basketball, Teen Town, and social convener for C. G. I. T. One of her many hobbies is driving around in a tan and white truck. Her pet peeve is getting caught in the bathroom when the doorbell or telephone rings and no one else is home. She's probably not the only one!

PAM EDEY

Pam is presently engaged in Teen Town and curling. She is co-captain of the basketball team and is a unit director in Intra-murals. Watch that mail box Pam! Her hobbies are riding, swimming, falling, hockey, and hockey parties. Her pet peeve is hockey games and basketball games conflicting. After High School she plans to attend university in Calgary and take Education. There are plenty of stairs there Pam, so be careful!

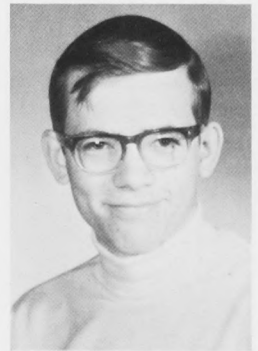

NO
PHOTO
AVAILABLE

MARVIN FLATERUD

Marvin plans to attend N. A. I. T. when he finishes High School. His hobby is H. R. D. C. --whatever that is! He also enjoys entertaining at home (especially during noon hours). One of Marvin's favorite activities is curling, and his pet peeves are Big Mouths and girls who think they're good.

CHRIS FORD

Chris hopes to attend University and get a degree in journalism. His hobbies are quite varied and include attempts at writing, reading science fiction, wiring his room for sound, and trying to keep his Volkswagen running. Chris was also a member of our "Reach For The Top" team. His pet peeve--his Volkswagen.

GENE FOX

Gene wants to attend Tech. or Mount Royal in Calgary when he finishes Grade 12. He plans to finish off his education there with a course in business administration. At present, he keeps busy with his two main hobbies --girls and playing cards. He seems to enjoy playing basketball and attending hockey games as well as going to parties afterwards. His pet peeve is 5-foot, 4-inch blondes.

BILL FRASER

Bill plans to attend college to take Town Recreation Directorship. His hobbies and activities are almost one and the same--sports such as football, hockey track and field, hard work, and Teen Town. Bill's pet peeve is referees, and his favorite saying? "Open your eyes reff!"

MARGARET GETTY

Margaret plans to attend University and then travel around the world when she is finished High School. Her hobbies are sewing, coin collecting, acting in the High River Drama Club, and working in the school library. Her activities must also take up a great deal of time since she works in the St. George as a waitress and baby-sits too. Margaret's pet peeve is departmental exams.

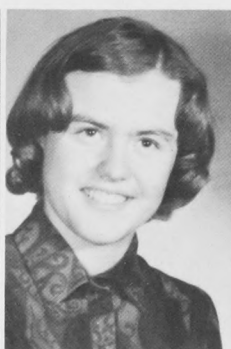

NO
PHOTO
AVAILABLE

NEIL GILLIS

Neil plans to enter the law force and become a policeman. His favorite hobby at the moment is playing goalie for the High River Flyers, a hobby which he both enjoys and excels in. One of his many activities is driving around in expensive green Mustangs with bucket seats. His pet peeve is being one of the oldest boys in High School.

TARA GLASS

Tara is planning to move to Calgary and stay there for a while after High School. Her hobbies are riding horses and curling. She has a lot of activities to keep her busy, but can most often be found working at Bradley's, or throwing a party every once in a while. Her pet peeve is surprise parties.

CELIA GOODWIN

A hopeful physiotherapist, Celia has applied at the University of Alberta. High River has been home base for her school years and she is an active participant in many activities--past player and manager of the basketball team, reporter for C. G. I. T., member of Hi-C, and the United Church Choir. She also enjoys playing trombone in the High River School Band. Her hobbies are music and riding in Red trucks.

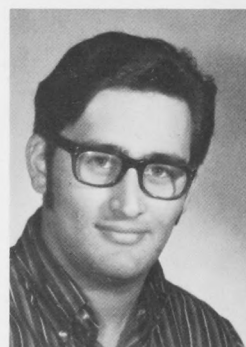

MAIVIS GRODZACH

So far Maivis has no definite plans concerning academic studies after Grade 12. However, she does have hopes of being in Houston, Texas in a matter of months. Her purpose? Hooking a Texas oilman probably. Maivis has quite a variety of interests, some of which include good music, buckskin jackets, Trudeau, horseback riding, and American boys--not necessarily in that order! Her pet peeve--Monday Mornings.

SARBI HARI

A technical school or a university? Sarbi hasn't completely decided yet which he will attend when he finishes school. Meanwhile he occupies his time by reading books and working on the farm. He is also interested in taking trips to Calgary, curling, and 4-H clubs. The High River girls don't seem to be too popular with him, though--they're his pet peeve.

SHIRLEY HENRY

At the completion of Grade 12, Shirley plans to attend the Holy Cross School of Nursing. She is active in many community groups--Hi-C treasurer, C. G. I. T. president, 4-H treasurer, and a member of the United Church Choir. Curling is a favorite sport and she is an active member of Student Union. Hobbies? Well, she's usually too busy riding in grey cars to have many. Pet peeve--lockers that just happen to lock themselves.

JOAN HUGHES

A High School teacher seems to be Joan's ambition, but she feels she'll probably end up a clerk in a men's store, or something. Her activities include Teen Town, curling, music, and Rangers. Her pet peeves are unidentified callers and careless drivers, but guess what her hobby is? Running people off the road.

BRUCE HUMFREY

Bruce hasn't decided yet what he wants to do after Grade 12. But right now he works a lot on the farm and enjoys "tinkering" with old cars and then selling them when they are in good running condition. His activities include being President of the H. R. H. S. Curling Club and President of the Gladys 4-H Beef Club.

JUDY HUSTED

After finishing High School, Judy plans to spend summer in Alberta and then head for the States and join the service (air force?). She says she doesn't have time for any real hobbies, except playing guitar. She belongs to the 4-H Horse Club, and with school, her horses, her car, and her job, she doesn't have time for much else--except on weekends--and then she finds time!

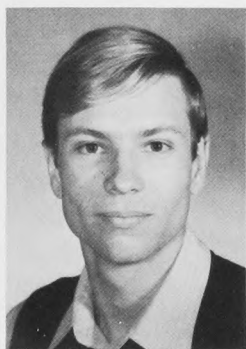

JOY JEWELL

We all know how active Joy is in sports and countless other activities. In this respect, she seems to have chosen a very suitable ambition--that of a Physical Education Instructor. Some of Joy's hobbies include riding, driving, dances, and meeting new people. Her activities are many also--basketball, volleyball, Teen Town, badminton, and swimming.

KEITH JORGENSEN

Keith's ambition is to complete Grade 12 and obtain a University education. Afterwards he hopes to travel, especially through the smaller European countries. His pet peeve is teachers who crack dumb jokes that aren't really funny and then laugh at them. The activity he most enjoys is driving cars. His hobby is fixing them after he has driven them.

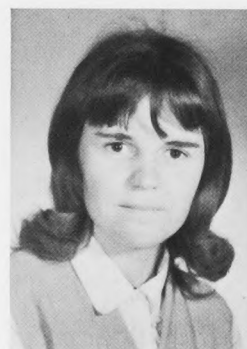

JON KINZELL

Jon plans to major in Marine Biology at the University of Florida or the University of California, after completing Grade 12. His hobbies include horses and music, and as for activities--curling, track and field, intramural badminton, and a certain dark-haired girl, fill up his leisure time.

ELEANOR LEPARD

Eleanor is planning to make marriage her career when she finishes school, and in that case Congratulations are in order. It's a good thing she enjoys sewing and cooking! She also says she doesn't have many activities because she usually finds herself at home writing piles of letters. Wonder who she writes to???

CAROL ANNE LONGSON

Though known to most as "Carol", this pint-sized senior insists her name is "Carol Anne". She's often seen peeking over the wheel of her '51 Ford, en route to curling. (Pet peeve--bucket seats.) Her big aspiration is to be a Home Economist, but we think that's just a cover-up for her real ambition! Her biggest hope--to be tall, but don't worry Carol--good things come in small packages!

WAYNE LUNN

After completing Grade 12, Wayne plans to attend the University of Alberta. He is not yet sure what course he will take once he's enrolled. Wayne participates in and is interested in numerous sports activities. He particularly likes aquatics and wishes to swim competitively all year round. Wayne also seems to be interested in running, especially during the evening--any particular reason, or just to keep in shape? His pet peeve is uncertainty.

MAUREEN MacDONALD

Maureen will be found taking Nurse's training in Calgary in the near future and we all hope she doesn't have a weak stomach! Reading, record collecting, and ski-dooing are among her favorite hobbies. Maureen's pet peeves are homework (ain't that the truth!) and winter. Her activities are working at the Twilight Nursing Home, swimming and the inevitable--baby-sitting.

MARGARET MacPHERSON

Since coming to High River in September, Marg has really been a bright spot in the bleak halls with her friendly smile. Curling, Hi-C, and keeping the treasury of Student Union full, has kept her busy, busy, busy! After high school, University seems to be in the future for Marg, and let's hope that there aren't any 80 minute classes.

DOUG MATSON

When Doug has completed his senior matriculation, he intends to take a General Arts course at the University of Calgary. His hobbies include art and reading. Doug's principal interest in activities revolve around basketball, intramurals, and especially girls (one girl in particular anyway.) His pet peeve seems to be departmental examinations.

PATSY McDOUGALL

Patsy is a participant in many extra-curricular activities including curling, Teen Town, and volleyball. She's captain of the girl's basketball team as well as coach for the junior girl's team, and is a unit director in Intramurals. Hobbies--skiing, chewing gum, and making do-or-die decisions about weekends. She also enjoys singing "L'il Ol Wine Drinker Me." After High School, Pat plans to attend University in either Calgary or Edmonton.

LORNA McLEAN

After graduation, Lorna plans to enter University to take Education. Her activities include being Secretary of Teen Town, Treasurer of the Curling Club, working at the Memorial Center, teaching Sunday School, and cheerleading. Lorna was also chosen Outstanding Teen for '69. Her pet peeves are exams, and taking showers at Edmonton (Varsity Guest Weekend).

CONNIE McWILLIAMS

Connie plans to finish Grade 12 in Calgary, then enter the faculty of Education at the University of Calgary. She likes to water ski and horseback ride. Connie's activities include C. G. I. T., 4-H Beef, 4-H Sewing, and trekking to Calgary every week-end. Flat tires seem to be Connie's pet peeve.

WALTER McWILLIAMS

After finishing High School, Walter plans to attend U. of C. and specialize in a biological science field that will preferably lead to an occupation outdoors. His own tape library of popular music is growing regularly. Most of his time is spent doing chores and attending school while his pet peeve is "heifer dust."

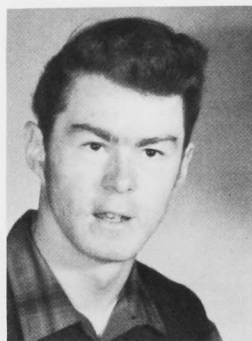

SHIRLEY MILLER

Shirley's future plans include nursing, but while waiting for her acceptance papers, Shirley relaxes by driving around in a certain dark blue Futura. Besides her studies, Shirley's pet peeve is going to the dentist and being "toofleth."

DAVID MONCRIEFF

David is not letting on what his plans for after school are, but whatever they are we wish him luck! His activities at present are working for his father on the farm and polishing up old cars.

NO
PHOTO

BOYD MONEA

Boyd is a rather nice guy. By looking at him, you might not know. He has shades and rather long hair that is just hanging around. This fellow, a great friend of all, usually swings into action at 4 P.M. Friday, and does not stop until 9A.M. Monday. Boyd's hobbies are horses and those other things??

RAY MORIN

As of yet, Ray is still undecided about what he plans to do after finishing high school. As a matter of fact, he's still concentrating on finishing high school. Meanwhile, he kills time working, going to shows, and participating in various sports. Ray's pet peeve is girl's basketball games?

NO
PHOTO
AVAILABLE

SHARON MOXIN

Most Thursday nights, Sharon can be found around the Memorial Center, keeping the "girls" in line. Curling, music, and drama club occupy the week but every week-end finds her drawn to Herronton!! Her pet peeve is people commenting on her teeth! Her ambition is to be a nurse, but the future may find her as a personal secretary to Trudeau. But no matter where she goes we know she'll succeed.

TED NELSON

After high school, Ted plans on attending the Olds Agricultural College or S.A.I.T. Afterwards, he is going to stay home and farm. His hobbies are driving and working on cars, snowmobiles, and other vehicles. Ted curls a lot, and spends weekends trying to get his jeep running and keeping it running. His pet peeve--Jeeps!

TERRY PALMER

Terry's goal after high school is nurse's training in Calgary. Some of the hobbies she finds interesting are reading, writing, (arithmetic??), horseback riding, cards, and learning to ski. Her activities include baby-sitting and homework. Snow storms and exams are her pet peeves.

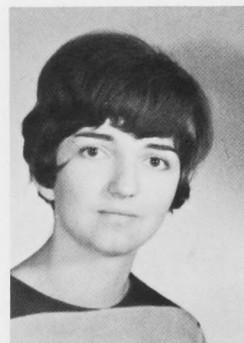

GERRY SCHERGER

Gerry, a small but active senior, plans to attend the U. of A. next fall, but apparently doesn't know yet what field to enter. Her favorite hobbies include sewing and reading. Although she has held a steady job since last summer, she has managed to maintain a high average in all her subjects. We just hope she keeps up the good work.

CONNIE SCHMITZ

Connie plans on taking a secretarial course at Tech. after finishing High School. Her favorite hobby is bombing around, but sleeping ranks close behind. She belongs to C.Y.O. of which she is Social Convenor. Another activity is working at the Bakery. Connie's pet peeve is the person who sat across from her in Chemistry 30.

LINDA SCOTT

Linda, a well-known cheerleader as well as a member of the track and field team, says she has no real plans for the future. She enjoys sketching and horse-back riding but hardly expects to make a career out of them. Don't be surprised if she turns to acting as she is now a talented member of Playhouse 14.

GLENN SMITH

Glenn, our President of Student's Union, plans to attend the U. of A. after school to take up a course in Agriculture. Meanwhile, cars and all sorts of electrical apparatus keep him well occupied. His activities include Air Cadets, and curling, and tapes that burn out really burn him up.

JUDY STARKE

Judy, the blond bombshell, plans to work for a year until she decides what courses to take. Her hobbies are varied and include horseback riding, sewing, and of course, boys. Teen Town and cheerleading keep her busy from pursuing that last hobby continuously, but she gives it the old college try! Her pet peeve, school, is a rather common one for some unknown reason.

JUDY TANNAS

Judy, blond, determined member of this year's graduating class, is interested in all kinds of sports, including swimming, curling, and dating. Pet peeve --card games, for she's certainly disturbed by "foxy" card sharpes. Judy was a valued cheerleader, and during high school has belonged to Hi-C and Teen Town. She'll join the ranks of the U. of C. students in the fall, to enter Teaching.

MARNIE TANNAS

Marnie is the regular "whirlwind" of activity around High River High--mostly because she is usually in a whirl. At the time she's planning to go to Olds to finish off her Grade twelve and get her matric. Her spare time is occupied by her favorite hobbies--curling, horses, and weekends.

NO
PHOTO
AVAILABLE

BILL TUPKAL

Bill is another student who is undecided about the future. He likes working and playing cards as hobby and activity respectively. However, working on weekends is not to his liking, nor does he particularly enjoy getting his hair cut, and most of us are pretty aware of that!

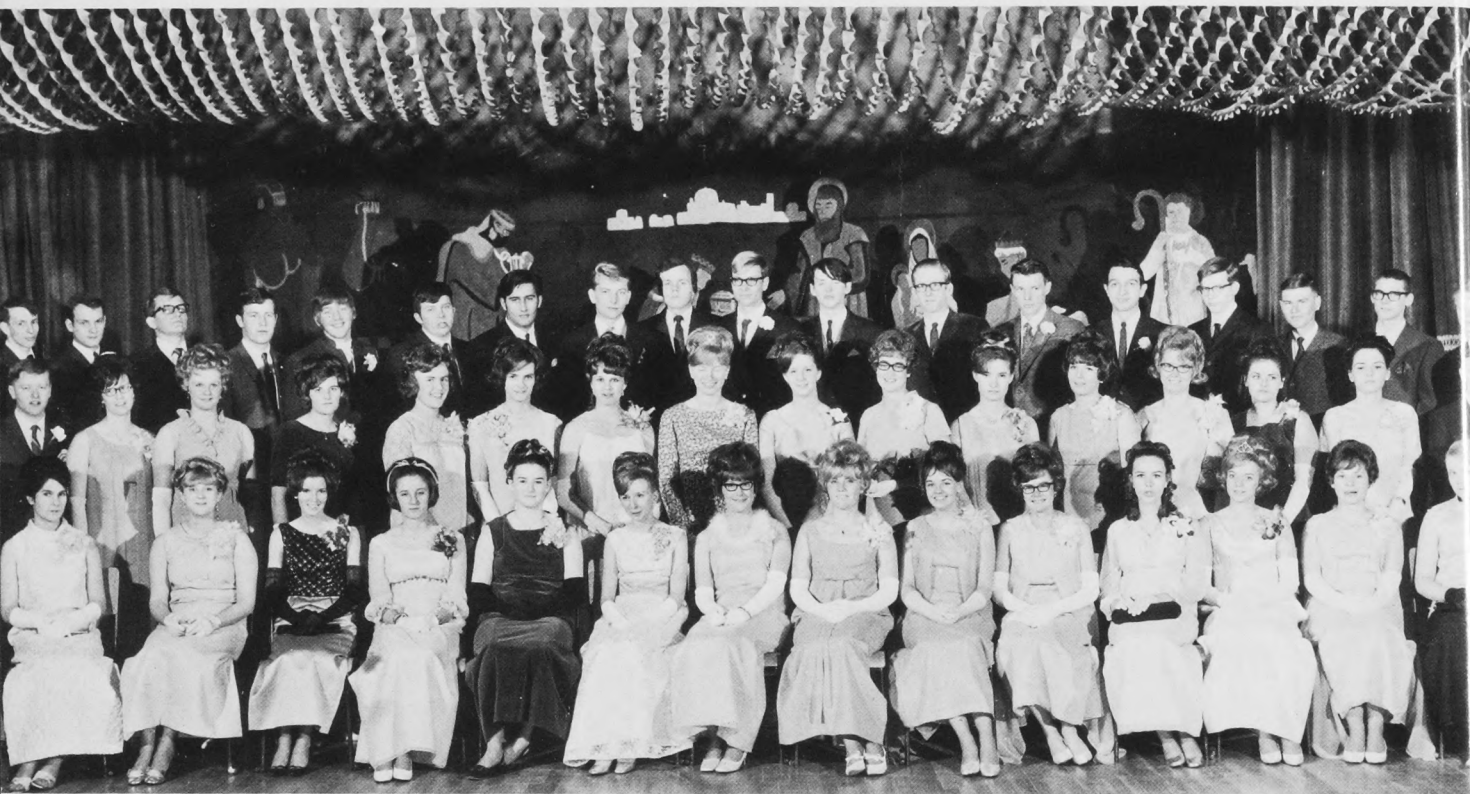

NO
PHOTO
AVAILABLE

JOE WELLS

Joe wants to acquire his Bachelor of Divinity at the U. of A. and practice in Uganda. His hobbies include cars and motorcycles, and he has a great time with his activities--curling, skiing, Church groups, Senior Choir, and Junior Leadership. His pet peeve--atheism and people who drink.

Congratulations to Class '69

from

COLIN HESELTINE

Comments Tut, our friendly "hardware" pup...

- * Any wisdom I've gained came from my school days
- * Fun, and my philosophy of life came from school days.
- * The success of my future hinges on my school days.

THINK and WORK today with this in mind
for TOMORROW.

Have You Considered

Pharmacy

As A Career?

The profession of Pharmacy offers a wide variety of careers to those who choose its path. There is no lack of demand for pharmacists in its many branches: retail, industrial, hospital and government service.

The many advances that have been made in recent years have opened up so many opportunities that there are never enough pharmacists to go around.

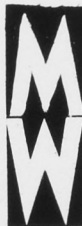

If you wish information on this career, we will be pleased to help you.

EDITOR'S NOTE:

The members of our staff certainly had a time with this edition of the yearbook. It involved a lot of good hard work, but it was also a lot of fun, and we hope you'll all get as much out of the book as we put into it.

I'd like to extend a big thanks to our advisor, Mr. West, and to all the patrons, teachers, and pupils who supported us throughout production. CONGRATULATIONS go out from all of us to the 1969 GRADUATING CLASS.

Cheryl Fox

STANDING: Judy Babiak, Joanne Tupkal, Joyce Brackley, Grant Vanston, Karen Crosby and Bev Zebedes.
SEATED: Rocky Barstad, Mr. West (advisor), Ken Pickersgill (co-editor), Cheryl Fox (editor), Marlene Gremm (co-editor), Janet Heyland (secretary) and Catherine Lewis (treasurer).
